

March 2008

- Accounting Enhancements - Consolidated Document Listing
 - Inventory Enhancements - Credit Balance at Bill Entry
- Enhancements- Accounting

For consolidated viewing of accounting documents, Xeersoft has provided a Rico Accounting Document Listing, whereby users can search for all documents and the listing will show any information related with the document

Enhancements- Inventory- Show Credit Balance at bill entry

Xeersoft aims to provide a better integrated system to our clients. Most often, Accounting Xeersoft allows Important Credit Limit data from accounting to be shown in the Inventory Bills to allow salesman to make critical decisions related with their customers
