Transportation Management System

*What Your Fleet Needs MOST...
as Much as Your Headaches Do*

Web-based Fleet Control

- Easier to manage fleet of transport, its drivers, commissions and payroll, all via Internet without the need to even step into your office

Drivers Management

- Ability to view drivers schedule, assign drivers to available transports and flexibly manage high turnover of drivers

Flexible Travel Plans Management

- Ability to capture travel costs and easily import to travel plan assignments, simple update of plans and cost by batch, reducing redundancies in data entries and paperwork

Claims Management and Advanced Payments

- Allow you to view claims reports by drivers and track advanced allowance paid to drivers

Costing Plan Control

- Ability to define internal charges for each trip, making costs planning an ease

Multiple Reports and Analysis

- Produce reports on cost listing, drivers commissions and claims, driver summary, profit and loss reports

Order and Booking Management

- Entry directly into system with options to confirm bookings and entry revert, making it flexible and easy to use

Does higher oil price add headache to your fleet?

When managing a fleet of lorries and trucks already gives numerous problems, forget about high turnover of drivers, managing internal costs and taking more orders from customers. XeerSoft Transportation Management System serves as the pill to remove headaches of transportation companies!

With easy-to-use data entry, XeerSoft Transportation Management System could produce multiple reports and analysis that will help you make better decision. It is well-designed for transportation companies with both standard and ad-hoc travel plans.

XeerSoft Transportation Management System automates calculation of claims, advanced allowances and commissions, including individual reports. Details of road tax, inspection schedule and servicing can be obtained by just clicking a few buttons.

It can be easily integrated with other XeerSoft modules like Accounting, Inventory, Payroll, Time Attendance and Management Dashboard - for total control over your fleet and your staffs.
